

ISPS UK 2012 Residential Conference

The ISPS Residential Conference takes place every two years and is a great opportunity to catch up with the latest thinking in research and practice that supports psychological approaches to working with people experiencing psychosis.

2nd and 3rd October 2012

At Conference Aston, Birmingham, UK

Changing realities: new developments in psychological approaches to psychosis

Speakers include: Alison Brabban, Jacqui Dillon, Gráinne Fadden, Chris Holman, Glenn Roberts, Jaakko Seikkula

ISPS UK 2012 Residential Conference

WE WELCOME PROPOSALS FOR WORKSHOPS, PAPERS AND POSTERS ON THE CONFERENCE THEMES AND RELATED TOPICS.

Abstracts are accepted on the condition that presenting author(s) will register for the conference.

All proposals

Abstracts should be in English, in typescript (not handwritten) and no more than 300 words in length. They should not include tables, or appendices.

Abstracts should include

- the theme number and name; the title of the poster or workshop.
- for the author and all co-authors, full name, title, affiliations.
- for the corresponding author, contact e-mail address, day time phone number and postal address should be supplied.

Speakers presenting new research should include in the abstract standard subsections: Aims, methods, results, conclusions, and state the preferred length of presentation (up to 30 minutes maximum). New research presentations are accepted on the understanding that appropriate ethical standards will have been adhered to.

Workshops

We particularly welcome proposals for workshops which will enable participants to develop new skills.

Please state preferred length of workshop: 1 hour, 1½ hours, 2 hours, 3 hours

Please include information on objectives of the workshop, content, and teaching approaches.

Further details available from admin@ispsuk.org

Closing date

31st January 2012

Final date for notification of decision: March 2012

Submission of abstracts

Please send to Ali Haddock at conference@ispsuk.org
