About the Course

Service user and carer involvement is now mandatory in the training of psychiatrists. This new one day event is designed to give practical guidance to those who organise psychiatric training on how best to achieve this by working effectively with service users and carers. Delegates will be introduced to a range of ways in which service users and carers can contribute to the training and there will be the opportunity to share examples of good practice.

Course Content

- The background to this mandatory requirement
- Experiences and benefits of service user and carer involvement
- Styles of involvement/use of different types of resources
- Developing a framework for addressing the needs at CT1-3 and ST4-6 stages
- Perspectives of a tutor
- Perspectives of a trainee
- Sharing good practice—please come with your own examples

Who should attend
